

ANOTHER BATTLESHIP ON A MINE

RUSSIANS ARE AGAIN HIT HARD

JAPANESE CLAIM A VICTORY.

Say They Destroyed the Russian Battleship During Fight.

Russian Torpedo Boat Caught Alone and Sunk.

CHE FOO, April 14.—11 a. m.—It has been learned from Japanese sources here that the attack on the Russian Port Arthur fleet yesterday morning was planned and put into effect in the following manner:

At daylight the Japanese torpedo boats made a demonstration before the port and at the same time laid mines across the outer entrance to the harbor. They then retired and joined the main squadron. The squadron then advanced and as it drew near, the Russian ships were seen coming out. The battleship Petropavlovsk struck one of the mines laid by the Japanese torpedo boats and was destroyed.

JAPANESE DID NOT LOSE A MAN.

TOKIO, April 14.—5 p. m.—A brief report from Admiral Uriu of Wednesday's fighting off Port Arthur reached the Navy Department this afternoon. It says Vice Admiral Togo's fleet attacked Port Arthur in the morning and succeeded in sinking a battleship of the Petropavlovsk class and one torpedo boat destroyer. The Japanese sustained no losses. One Japanese was wounded.

A detailed report of the engagement is expected hourly.

OFFICER AND MEN LOST IN BATTLE.

ST. PETERSBURG, April 14.—Forty-five officers and men perished on the torpedo-boat destroyer Registrashni, whose

ANOTHER BATTLESHIP BLOWN UP.

Pobeda Runs on Mine and is Badly Damaged.

Able to Regain Port Arthur and the Crew is Saved.

ST. PETERSBURG, April 14, 5:37 p. m.—The official bulletin this afternoon, conveying the official intelligence that of another torpedo-boat destroyer and the accidental crippling of another battleship, was almost as severe a blow as the loss of the Petropavlovsk yesterday and plunged the whole town anew into grief.

The Russian word in the text of the official dispatch describing the accident to the Pobeda means either mine or torpedo, but the qualifying verb indicates something moving towards the ship. This dispatch puts an end to the idea prevailing here that there had been an engagement following the disaster to the Petropavlovsk. It is considered remarkable here that the Japanese did not take advantage of this terrible accident to attack Port Arthur.

The Novos Vremya today reproduces a lecture delivered by Admiral Makarov in 1894 on the subject of the Victoria and Camperdown catastrophe, in which he pointed out the inherent weakness of battleships and their inability to turn turtle, even when their water-tight compartments are closed, because their armor and guns make them top-heavy.

After the official bulletin had been issued this afternoon, there was talk of the possibility of the Petropavlovsk having been destroyed by a submarine boat, but this received little consideration in official circles.

Four candidates are now mentioned to succeed Admiral Makarov: Vice-Admiral Skrydloff, Chairman Doubasov of the Technical Board of the Admiralty; Rear-Admiral Rojestvensky and Vice-Admiral Choukunink.

THOUSANDS OF RUSSIANS ATTEND REQUIEM MASS.

ST. PETERSBURG, April 14.—A requiem mass for the repose of the souls of Admiral Makarov and the other officers and men of the Petropavlovsk was celebrated today in the Admiralty Church here.

The scene was touching in the extreme. Outside, 20,000 people, among whom were many relatives of the sailors lost, stood with bared heads and streaming eyes while the service was in progress. Inside the beautiful white marble church, its walls hung with militant tokens, were assembled the Emperor and the Imperial family, high officers of the army and navy and the entire diplomatic corps, all in full uniform, and also many widows and families of the officers drowned. The galleries were crowded with Russian bluejackets. The widow of Vice-Admiral Makarov entered on the arm of the Grand Duke Constantine, followed by her son and daughter, and took a place beside the Imperial party. Every one present wore a band of crepe.

The Emperor, who wore the uniform of a captain in the navy, entered last and alone. The grief felt by him

was written on his face. The Emperor was not present. Just before the service began, the Dowager Empress embraced Admiral Makarov's widow, who sank on her knees, almost at the feet of Her Majesty, and remained there until the end of the service.

The beautiful ceremonial of the Orthodox Church left no dry eye in the building. The Emperor and all others present held lighted tapers. When the rector prayed for "Stefan and all the warriors who died for their country" to the soft intoning of the choir, singing "Christ is Risen; He Has Overcome Death," the Emperor fell upon his knees. In an instant all present were kneeling and sobbing, the sobs being drowned by the music of the choir. The Grand Duchess Vladimir, mother of the wounded Grand Duke Cyril, broke down completely.

When the services were finished, the Emperor personally raised the stricken widow and kissed her hand. Then, for several minutes, he spoke to her consolingly, also shaking hands with her daughter and son.

ON TRIAL FOR HER LIFE.

Mrs. Botkin Faces Another Murder Charge in Court.

Testimony Is Now Being Taken in the Doane Case.

SAN FRANCISCO, April 14.—Mrs. Cordelia Botkin appeared today in Police Judge Conlan's court for her preliminary examination of the charge of murdering Mrs. Joshua D. Doane of Dover, Del.

She was represented by Attorney R. Clarke, a friend of her former counsel. Judge Mogan occupied the bench with Judge Conlan.

The taking of the testimony of the Delaware witnesses was at once begun. Mrs. Lizzie L. Kemp, formerly a clerk in the postoffice at Dover, being the first called.

She was excused to allow Deputy County Clerk Wells to explain that the exhibits in the case were in the custody of Superior Judge Cook, who is out of town.

The deputy was authorized to telegraph to the judge for the combination of his safe and the examination of the witness was proceeded with.

FEW WERE SAVED FROM SHIP.

PRINCE OUKTOMSKY TELLS EMPEROR OF THE GREAT DISASTER.

ST. PETERSBURG, April 14.—A telegram from Rear-Admiral Prince Ouktomsky to the Emperor, dated from Port Arthur at 10 a. m. today, after reiterating that the Petropavlovsk sank "in consequence of the explosion of a mine, while she was maneuvering in the Port Arthur roadstead in sight of the enemy's fleet" adds that those saved include, beside Grand Duke Cyril and Captain Jackoff, three lieutenants, two midshipmen, a surgeon and a few sailors had been rescued.

CASE OF PLAGUE. PORT SAID, April 14.—A case of the plague has been officially declared here.

POWERS ARE SORRY

France, Italy and Germany Show Their Hands.

PARIS, April 14, 1:25 p. m.—President Loubet today telegraphed to Emperor Nicholas his profound condolence on the disaster to the Petropavlovsk and the death of Vice-Admiral Makarov. This dispatch, together with those of Emperor William and the King of Italy, sent today, is regarded here as significant of the acceptance of the European governments that the sinking of the Petropavlovsk was due to an accident and did not occur during a battle with the Japanese ships. The officials say condolence over the result of a battle might involve questions of neutrality, whereas condolences over an accident do not involve neutrality.

Prior to the sending of M. Loubet's telegram, the French Embassy at St. Petersburg had received an official assurance that the accident was due to the Petropavlovsk striking a mine which had become loosened from its moorings during the recent storm.

Some special dispatches received here assert that the Japanese torpedoed the Petropavlovsk, but the officials accept the Russian version of the sinking of the battleship.

Foreign Minister Delcasse called at the Russian Embassy today and personally expressed his deep sympathy. Although without specific advice, the officials here say Vice-Admiral Makarov's successor probably will be Vice-Admiral Skrydloff, the commander of the Black sea fleet, or Rear-Admiral Rojestvensky, in command of the Baltic squadron. The former shared Makarov's reputation for energy and fighting ability and recently visited the Emperor, who hesitated between Makarov and Skrydloff. However, the latter's correspondent at St. Petersburg says Admiral Rojestvensky probably will succeed Admiral Makarov.

REPORT DISCREDITED.

PARIS, April 14.—The Foreign Office discredits the report that negotiations are in progress looking to bringing about a meeting between President Loubet and Emperor William.

NEW BLOW TO RUSSIA.

Second Disaster is Reported at St. Petersburg.

ST. PETERSBURG, April 14.—Rear-Admiral Prince Ouktomsky wires from Port Arthur today that the Bezstrachni, one of the Russian torpedo-boat destroyers, sent out during the night to reconnoiter, became separated from the rest of the fleet, owing to the bad weather prevailing, was surrounded by Japanese torpedo boat destroyers and was sunk in the fight.

Five men were saved. Admiral Ouktomsky adds: "I have taken command provisionally of the fleet since the disaster to the Petropavlovsk. During some maneuvering of the battleship squadron, the Pobeda struck against a mine and slipped on the starboard side. She was able to regain port by herself. No one on board of her was killed or wounded."

The Pobeda is a battleship of 12,674 tons displacement and of 14,500 horsepower. She is 401½ feet long; has 7½ feet beam and draws 26 feet of water and is heavily armored with steel. She was completed in 1901, has a complement of 732 men and her estimated speed is 18 knots. The steel armor of the battleship varies in thickness from four to nine and a half inches along her belt. The armament of the Pobeda consists of four 10-inch guns, eleven 8-inch guns, sixteen 3-inch guns, ten 1.8-inch guns and seventeen 1.4-inch guns. She has six torpedo tubes.

CLAY'S WILLS ARE KNOCKED OUT.

RICHMOND, Kentucky, April 14.—Judge Benton, in the Circuit Court here, has thrown out on peremptory instructions of mental incapacity, all the various wills left by the late General Cassius M. Clay. This leaves the General's property to his natural heirs and cut off Dora Clay Brock who, at one time received considerable notoriety as the youthful wife of the aged statesman.

WILL BE MADE GENERAL.

WASHINGTON, April 14.—The nomination of Colonel Albert L. Mills, superintendent of the Military Academy at West Point, to be brigadier-general was favorably acted upon today by the Senate Committee on Military Affairs.

GRIEF OF PRESIDENT

Gentle Words for Men Who Died for Their Country.

WASHINGTON, April 14.—The President has contributed the sum of \$100 and the Secretary of the Navy a like sum as the nucleus of a fund for the relief of the dependents of the enlisted men who lost their lives in the disaster on the Missouri. The money has been placed in the hands of Paymaster-General Harris, United States Navy, chief of the Bureau of Supplies and Accounts, who has been constituted the custodian of the fund and who will disburse it under the direction of the Bureau of Navigation for the benefit of such dependents.

Paymaster-General Harris has been authorized to receive any other contributions that may be made for this purpose.

Secretary Moody today sent the following telegram to Rear-Admiral Barker, at Pensacola, commander-in-chief of the North Atlantic fleet:

"I learn with profound sorrow of the irreparable loss to your fleet, the navy and the country, of the faithful and gallant officers and men who met death while in the discharge of their duty. Will you convey to the fleet my deepest sympathy?"

The President accompanies his check for \$100 with the following letter to Secretary Moody:

"My Dear Mr. Secretary: May I send through you this contribution to be used for the benefit of the dependent kindred of the men who have just been killed on board the Missouri? Under the conditions of modern warfare, in order to efficiently prepare for war, risk must be run, similar in kind, though not to the degree to the risk run in battle, and these men have died for their country as much as if the ship had been in action against an enemy. Sincerely yours,

THEODORE ROOSEVELT.

The President also has sent the following telegram to Rear-Admiral Barker:

"Am inexpressibly grieved and shocked at the terrible catastrophe. I desire to express to you and to the officers and men under my profound grief and sympathy."

ANARCHIST BLOWN UP

An Infernal Machine Went Off in His Trunk.

ST. PETERSBURG, April 14.—An anarchist named Kazanin, stopping at the Hotel Du Nord, on the Nevsky Prospect, concealed an infernal machine in his trunk. It prematurely exploded last night.

Kazanin was blown to pieces, the ceiling and windows of his room were smashed, several persons were injured and fire broke out in the hotel. The flames were quickly extinguished. The police found no evidence of a plot. The man arrived at the hotel yesterday morning with a trunk and hand baggage. He went out in the afternoon and returned at 5 o'clock, remaining in his room thereafter.

All evidence of the anarchist's identity was destroyed in the explosion, which shattered the adjoining rooms.

Among those injured was a naval cadet.

ALLEN RENOMINATED.

PORTLAND, Me., April 14.—Representative Amos I. Allen was renominated today by the Republicans of the First Congressional District.

HOW RUSSIANS MET THE DREADFUL CALAMITY.

ST. PETERSBURG, April 14.—noon With bowed heads but with unshaken heart, the Russians met the dreadful calamity of yesterday. Sorrow for the loss, but undiminished confidence in ultimate victory is the note struck by this morning's papers. An editorial in the Russ may be taken as voicing the national feeling:

A BLACK DAY. "Let us," it reads, "remain calm. It is a black day, but we have been struck by blind fate not by the enemy."

The people sat up all of last night awaiting further details of the catastrophe and news of the Rear-Admiral Prince Ouktomsky's encounter with the Japanese fleet and this morning hurried out in a raging snowstorm

to read the bulletin boards, but nothing further had come. The Associated Press is authoritatively informed that the dispatches given out last night were in the text as originally received and represented the sum total of the Emperor's advice. The Emperor himself directed that every word should be published. The meagerness of the telegrams is attributed to the death of Vice-Admiral Makarov. Not until 10 o'clock this morning had fresh news reached the winter palace and then in the form of a voluminous cipher telegram, which was immediately sent to the Admiralty to be deciphered. This may take a long time and it is doubtful whether the contents will be given out before late in the afternoon.

THE LATEST NEWS.

NO BATTLE AT ALBANY. LOOKS LIKE A STRIKE. DRIVERS ARE OUT.

Hearst and Parker Will Not Stir Up Strife. **Carmen and Company Cannot Come to Terms.** **Employers Lockout the Union Men Across Bay.**

ALBANY, N. Y., April 14.—It is understood here that there will be no open contest in the State Democratic Convention to be held here next Monday. The belief is general that the controversies over the several candidates will be settled before the convention meets and not even in the Committee on Resolutions and Credentials will there be a struggle for control. It is also expected that there will be no attempt to unseat Hearst delegates.

The delegates-at-large probably will be David B. Hill of Albany, Edward Murphy Jr. of Troy, James W. Ridgeway of Brooklyn and Representative W. Bourke Cockran of New York. The selection of Congressman Cockran is due, it is said, to Tammany Leader Charles F. Murphy's desire that in case of need Mr. Cockran's long parliamentary experience and his oratorical ability should be available on the floor of the National Convention. Mr. Murphy and State Senator McCarren will go as district delegates.

Ridgeway, who is to be one of the delegates-at-large, is the selection of Senator McCarren, who prefers to be National Committeeman in place of Norman E. Mack.

AMONG THE DEAD.

WASHINGTON, April 14.—The following telegram reporting the disaster on the battleship Missouri was posted at the Navy Department today:
The following wounded have died:
JOHN T. DONNELLY, ordinary seaman.
ORVILLE B. MOE, apprentice, second-class.
The following additional have been reported as dead:
JAMES E. KNIGHT, ordinary seaman.
HALBERT EDWARD ELLIOTT, master-at-arms, second-class.
The following names in yesterday's dispatches which did not agree with the records of the bureau have been found to refer to the following:
James K. Peterson, boatswain's mate, first-class.
Herbert Scheibarth, landsman.

Another Theory as to How Makaroff Met His Fate.

CHICAGO, April 14.—A special cable to the Daily News from Tokyo gives a new theory as to the death of Admiral Makaroff. The dispatch says:
"Admiral Togo, it is surmised, while maneuvering his squadron of cruisers opposite the entrance of the harbor for the purpose of attracting Makaroff to venture out, dispatched torpedo-boats forward for a considerable distance on both flanks to cut off the Russian retreat. It is supposed that the advance of the torpedo-boats was not observed by Makaroff's ships, which were intent on the engagement with Togo's squadron until so late that it was impossible that all the Russian fleet could regain the harbor. Makaroff's reputation for courage is taken to warrant the opinion that he interposed his heavily armored flagship to protect the retreating vessels and thus saved the squadron at the cost of his own ship and life, as well as the lives of nearly all on board."

TO COME FOR MURDERER.

SAN JOSE, April 14.—Sheriff Langford today received a dispatch from Sheriff Vincent of Crawford county, Kansas, stating that he would start immediately to take charge of Joe Godley, the negro now in jail here, who is wanted in that State for alleged murder. Godley was arrested in Oakland.

SHE MARRIED A COUNT

GIZYCKI AND BRIDE WILL SPEND HONEYMOON AT STARO KONSTANTINOV.

WASHINGTON, April 14.—Miss Eleanor Patterson, daughter of Mr. and Mrs. Robert W. Patterson of Chicago and Washington and Count Joseph Glyzicki of Russia were married at the Patterson family residence here today. Rev. Thomas Lee of St. Matthew's Catholic Church officiated.
The bride was escorted to the improvised altar by her father and had other attendants. Count Glyzicki of the Austrian Embassy was best man. The guests included the Russian ambassador and Countess Cassini, the Austrian ambassador, Miss Roosevelt, Mr. and Mrs. Joseph Medill Patterson, Mr. and Mrs. Joseph Medill McCormick, Ruth-erford McCormick, Mr. and Mrs. Raymond Patterson and the attaches of the Russian and Austrian embassies. The couple later left for New York whence they will sail Saturday for Paris and after a short visit at Paris, will go to Count Glyzicki's estate near Starkonstartinov, Russia.

BELL TOWER IS DEDICATED.

The new bell tower and the new chimneys were dedicated this afternoon at Mills College in the presence of a large audience. Rev. Raymond C. Brooks offered the invocation. Speeches were made by Mrs. C. T. Mills, Mrs. M. M. Damon, Mayor Olney and Rev. C. R. Brown. The bell tower is known as El Campanil. An interesting musical program was carried out. There was a large attendance at the exercises. The bell tower is the gift of Mr. and Mrs. F. M. Smith.

WIFE AND HUSBAND ARE RECONCILED.

Yesterday Cora L. Younger had Attorney George Jackson institute a suit for maintenance against Joshua M. Younger and also petitioned to have the care and custody of their children awarded to her. Today she relented and had the suit dismissed. The Youngers have been married for many years but of late the wife alleges that her husband has been treating her cruelly and she said that she could no longer live with him. A reconciliation has been reached and there are going to be no court proceedings.

NO JAPS WITH THE CHINESE.

COLLINS GIVEN DIVORCE.
A decree of divorce was granted Eugene A. Collins this morning by Judge David from Catherine Collins on the ground of extreme cruelty. He was awarded the custody of the three children and certain property to which he had laid claim.

MRS. J. CARTER WAS WITHOUT FOOD IN HER HOME.

Mrs. J. Carter, an old woman who keeps a little restaurant on Castro street in Haywards was found in a starving condition by Deputy Sheriff Simons today and has been removed to the County Infirmary.

Twenty-four hours more and the doctors say she would have been dead. She is not much past fifty but had become so weakened through sickness that she was unable to get up or to summon aid.

In speaking of the matter this morning Simons said, "Mrs. Peter Johnson of Haywards asked me to make an investigation of Mrs. Carter's home as she had not seen the woman for some time. I went in and found her almost dead."

"She had been ill and was so changed that I scarcely knew her. When I saw her last she was quite a strong, fleshy woman but is nothing but bones now. She did not recognize me for some time. I got a doctor who gave her a prescription and I think she will get well. It was a close call for her as the doctor said she would not have lived long. We have had her taken to the County Infirmary where she will be taken care of. She has two sons but we do not know just where they are."

NATIVE SONS TO HOLD CAUCUS.

A caucus of the delegates to the Grand Parlor of the Native Sons of the Golden West from Alameda County will be held this evening at Loring Hall, Eleventh and Clay streets for the purpose of organization and the election of chairman and secretary. The Native Sons of this county feel that they are entitled to at least a Grand Trustee and intend to make a fight for the election of Senator Joseph Knowland for that position. The Grand Parlor will convene at Vallejo on April 28.

PROBATE MATTERS.

The annual account of the estate of the late Deborah A. Webb, was filed with the County Clerk today by Edward O. Webb and Hattie E. Meek as trustees of the estate. According to their report it is shown that the income of the estate is \$1100 a year, which has been paid by them to Mary E. Eng in accordance with the provision of the trust.

Petition for letters of administration on the estate of the late Anton Marshall has been filed by Public Administrator George Gray. So far as he knows the deceased had no relatives.

Final distribution of the estate of the late Edward A. Ross was ordered by Judge Greene this morning as follows:
To Samuel A. Ross, \$24,424; William B. Ross, \$157,12; Seth A. Ross, \$157,12; Uriah Ross, \$157,12; Mrs. George R. Angrell, \$157,12; Julia A. Ross, \$57,56; James M. Ross, \$78,56; Mowry W. Ross, \$23,28; Max Ross, \$19,64; Vivian Ross, \$19,28; Albert D. Sayles, \$29,28; George Sayles, \$30,28; Marie S. Wilson, \$32,28; Lucy Sayles, \$32,28. Total \$1,414.08.

TESTIMONY IN LAND CASES.

SAN FRANCISCO, April 14.—In the Hyde-Diamond land investigation today, the first witness called was Woodford D. Harlan, at one time head of the forest reserve division of the general land office.

He testified that he had been paid "a reasonable sum" by Benson for his aid in securing titles to public lands. He had sent Benson information regarding reserve lands which he afterwards had proclaimed and for this service he had received about \$100. After a conversation with Benson about a number of small reserves in Arizona, he had received \$50. In all he got about \$100 from Benson.

BRUTAL WAITER PLACED ON TRIAL.

SAN FRANCISCO, April 14.—Thomas Davis, alias Thomas Miller, formerly a waiter on the steamer Alliance, was placed on trial today before Judge John J. De Haven. He is accused of brutally assaulting a Mrs. A. H. Ames, of Marshfield, Ore., who with her three babies, was a passenger on the boat. Damaging evidence against the defendant was given. The crime with which Davis is charged is punishable only by death or life imprisonment.

PROTECTION FOR AMERICANS.

FOREIGN AFFAIRS COMMITTEE WILL MAKE SUGGESTIONS.

WASHINGTON, April 14.—The House Committee on Foreign Affairs today authorized a favorable report in a substitute for the Goldridge resolution on the treatment of the Jews by Russia. The substitute requests the President to "new negotiations with the governments of countries where discrimination is made between American citizens on the ground of religious faith or belief to secure by treaty or otherwise uniformity of treatment and protection to American citizens holding passport issued by the authority of the United States in order that citizens shall have equal freedom of travel and sojourn in the countries without regard to race, creed or religious faith."

FRESNO, Cal., April 14.—The Grand Lodge of the A. O. U. W. in its third day's session here has reduced the extension of the annual appropriation to \$12,000 and the board of corporate directors was empowered to take charge of extension work.

It has been the custom to furnish each member with a monthly official paper at a cost of 20 cents annually, or \$400 annually to the Grand Lodge. It was decided to discontinue the publication.

With the view to inspiring members, a premium of \$5 will be made for every new member, or the reinstatement of a finally suspended member, and a premium of \$2.50 for the reinstatement of a member suspended for more than three months and less than six months.

The most interesting subject of discussion before the Degree of Honor, Grand Lodge, was the question of holding annual or biennial sessions. It was decided in favor of the latter.

Governor Pardee has been in attendance at the Grand Lodge session for three days and has been largely entertained privately.

NATIONAL PARK FOR DAKOTA.

SENATE PASSES BILL MAKING A LARGE GRANT.

WASHINGTON, April 14.—The Senate today passed a bill granting to the State of North Dakota 640 acres of land in Dickey county, the site of the White Stone Hills battle with the Sioux Indians to be used as a national park.

The Senate adopted concurrent resolutions reported from the Committee on International Expositions, accepting the invitation of the management of the St. Louis Louisiana Purchase Exposition and providing for the appointment of a joint committee of ten Senators and fifteen Representatives to represent the two Houses of Congress on that occasion.

Mr. Morgan's resolution calling on the Attorney-General for information concerning the contract for the purchase of the Panama canal was referred to the Committee on Inter-oceanic canals over the protest of its author.

The canal bill was then taken up and Mr. Morgan moved to strike out section 4.

FALLS FROM A CAR.

Albert Peterson, of Puget Sound, fell from a Haywards car at Fruitvale about noon today and sustained injuries that will lay him up for some time to come. He was removed to the Receiving Hospital where it was found that he had broken one of his ribs besides having numerous contusions about the head and body. He was standing on the platform of the car and either attempted to get off or was shaken from the car and fell heavily to the ground.

INTERCOLLEGIATE MEET WILL BE CLOSE.

Semi-annual Field Day of California and Stanford Will Be Eagerly Contested.

BERKELEY, April 14.—Interest in athletics at the University now centers in the intercollegiate field day to be held at Stanford Saturday. Neither side is certain of winning and the element of chance will make the field day an exceedingly interesting one.

To begin with, California seems to have the 100-yard dash "in the bag." Abadie always wins and judging from the Pomona meet will have no great amount of trouble carrying victory from Stanford. He easily defeated Hendrickson of Pomona in that trial last week. This week Hendrickson beat Hamilton of Stanford in 10 2-5 seconds. Abadie has done the distance in 10 seconds flat.

In the 220-yard event it does not look so easy for California. Snediger is California's best, but he is not looked upon as good as Dunn of Stanford.

The 440-yard dash is more than likely to be won by Dunn. He has won it the last two years and California has not produced anybody who could press him hard. Eugene Keen of California is best and it is just possible he will meet Crossman for second place.

The 880-yard run is a stand-off between Clifford of California and Holman of Stanford. Holman has been gaining speed lately and may win. Besides Clifford California will have Hanna, Mishler and Edwards, all of them fairly good men.

The mile run is an uncertainty, too.

TRAINER CHRISTIE ADVISES.

UNIVERSITY COACH TELLS ATHLETES EXACTLY WHAT TO DO.

BERKELEY, April 14.—Advice from Walter Christie, the athletic trainer at the University of California is always eagerly sought by devotees of all University sports. The popular trainer is always ready with information for those who seek it and on this account is generally surrounded by an eager and inquiring group.

The following bit of advice, from Christie's pen, will be read with interest, especially by athletes who devote their time to the field and track.

"Athletics, and especially track athletics, to be successful must be studied from the very foundation; no point, however small, should be neglected.

"In running one must grip the style of some successful runner, and must try, the whole time, to cover the ground in an easier fashion than the man who is being copied. Distance running requires head-work as regards pace, ability to hold a fast clip, and yet have a sprint left at the finish. It also requires the ability to avoid running in to pockets and to get out if one should happen to get in.

"Sprinting requires a great deal of practice at starting, at getting into the proper stride as soon as possible, and at acquiring the grit to keep at it until the tape is reached. One must strive to get his stride, to raise his knees, to get his arms, to make all the muscles work in harmony so as to eat up ground with as little effort as possible.

"Shot-putting means hard work, yet it is both a good sport and a beneficial exercise. Hammer-throwing means harder work; yet, when the form is perfected it gets to be a fun and enjoyable exercise, especially when distance is gained each week.

"Fencing is without doubt the best of all the events in the field day when it is done nicely. It is a pretty sight to see four good, clean-cut, buxom lads each with a sword and neck down in a scratch. It means a great many bruises in learning, and in getting form.

"The important thing in broad jumping is to get the proper distance for the take-off; then plenty of spring to raise the jumper, the art of vaulting requires the getting of the proper step; the leaving of the ground correctly, the pull on the pole and the maintaining of your balance in the air. It is a fine game when done nicely, and a great strengthener.

"Grit, determination, never-say-die spirit, perseverance, imitation of some good athlete, the study of your own strength, confidence in yourself, cheerful play, plenty of rest, plenty of sleep, doing things regularly, breathing freely, plenty of food, and plenty of the things which make an athlete, and which you should strive for.

"Many fellows are so well built or as strong as you, have by daily work and careful study made themselves champions. Duffy, the sprinter, did. Puffer worked hard every day. Flanagan is another. Al Plaw gained success through constant practice. Roy Woolsey, by simply giving his best weight under the shot and putting speed into his throw, accompanied great things. I can name hundreds, who by study and careful practice became famous athletes. The change is yours. Take it and make the school your own health, and your future life, by doing something on the track.

"You may not become famous or win prizes, but good results must and will come to those who work sensibly, honestly, and in accordance with good health laws.

"Encourage all good athletic sports. Do your share of attending and getting your friends and relatives to attend all

BOTH PITCHERS HIT HARD.

FEW ERRORS BUT MANY HITS IN PORTLAND-SAN FRANCISCO GAME.

Portland won from San Francisco at Fresno yesterday on the diamond. The game was poorly played as the score shows. Portland came near losing in the fifth but had work all around allowed a winning run. Thielman, Portland's pitcher, was taken to task at night the seventh inning Butler was substituted.

The summary is as follows:

RUNS AND HITS BY INNINGS.

SPORTING NOTES.

On, yes! just lucky! But Oakland is playing winning ball just the same.

No matter how you get the pennant as long as you win it fairly, Pete.

Portland 1—San Francisco 10.

Tacoma presented San Francisco with a circle in yesterday's ball game.

Those races! Everything is funny now.

Reach, Stanford's crack pole vaulter, was injured in an explosion in the laboratory at the college yesterday.

Joe Walcott, gentleman of the mits, will probably train at Link Dennis' gymnasium in West Oakland.

Byron Rose at 25 to 1 took the fourth race. Jockey Bonner on Ben Macdhu also ran. How about it?

Jockey Aubuchon was injured at Memphis.

The largest list of entries for the Dog Show is recorded for the Kennel Club this season.

Stanford is getting busy for the big annual field day to be held Saturday.

Bonner who has done so much good riding at Emeryville was suspended yesterday.

Jeffries says Munroe nor any other fighter ever knocked him down.

Courting at Ingleside Park next Sunday.

"Battling" Nelson is said to be ready for James Edward Britt. "Battling" and Britt are two good boys.

Billy Delaney advises Jeff to fight his battles this year and then retire. Farewell appearances for several years are in order.

Aurelia Herrem is scheduled to meet Kid Farmer of Chicago in a six-round bout.

Bright Moon broke her leg in the first race yesterday and was destroyed.

DECLARES THE TIMES HAVE CHANGED

NEW YORK, April 14.—Days of "Jefferson simplicity" are over, forever, according to Robert B. Roosevelt, uncle of the President. Mr. Roosevelt, who is an active Democrat expressed this belief in an address before the "Thirteen Club" at a celebration of Thomas Jefferson's birthday. In arranging the banquet last evening, proslavery speakers were invited to the banquet to represent the opposition against Jefferson. In the course of his speech Mr. Roosevelt said:

"The days of Jeffersonian simplicity are over. I have a sympathy with the escaped convict last night at his home in Fruitville by a clever ruse. He is wanted in San Francisco on a charge of making threats against the life of Thomas Wand, a contractor. He learned that a warrant was out for him and when arrested by the stable boy, Tom Carroll in Fruitville he requested to be taken home first to notify his parents. Carroll granted this request. Once the young man was in his own home, his father, mother and other relatives defied the law and told Carroll he could not have the boy.

"As Carroll had no warrant he had to acquiesce. This morning when the proper papers were sent out young Cordes had fled.

LONG LOOKED FOR IS FOUND AT LAST.

NEW YORK, April 14.—A man known at various times as John D. Lothrop, Thomas Cook, Walter C. Lewis and Arthur H. Lee has been arrested in Hackensack, N. J., on charges of having obtained \$16,000 under false pretenses from a Newark trust company. For several months every effort has been exerted by the American Bankers' Association to capture him as he is alleged to have operated in many cities.

Lothrop posed as a buyer of real estate and deposited certified checks for \$16,000 in one bank at Hackensack. The cashier telephoned a detective agency in this city and described his customer. It so happened that circulars were being prepared at that moment calling for Lothrop's arrest. The bank officials detained him and an hour later he was under arrest, having been identified as the person who secured money under another name from Newark bankers. Lothrop is alleged to have represented himself as agent for many prominent publishers in the West.

MORE CASES OF PLAQUE.

NEW YORK, April 14.—Seventeen new cases of bubonic plague are reported in Antioquia on Wednesday and seven deaths says a Herald dispatch from Lima, Peru.

In Lima two new cases were reported Wednesday.

CHAMPIONS WERE SHUT OUT.

TACOMA'S PITCHER, ST. VRAIN, WAS A PUZZLE TO LOS ANGELES.

St. Vrain for Tacoma shut out the champions at Los Angeles yesterday and the game closed at 0-0. He was a puzzle. Six hits were made by Los Angeles and eight by Tacoma. The first five men to face St. Vrain struck out. Newton was not in form and could not get his pitching going. By line.

The summary is as follows:

YOUNG MAN MAKES A CLEVER ESCAPE.

Robert Cordes, who through his marriage in a French restaurant a short while ago and other escapades has achieved considerable notoriety, escaped arrest last night at his home in Fruitville by a clever ruse. He is wanted in San Francisco on a charge of making threats against the life of Thomas Wand, a contractor. He learned that a warrant was out for him and when arrested by the stable boy, Tom Carroll in Fruitville he requested to be taken home first to notify his parents. Carroll granted this request. Once the young man was in his own home, his father, mother and other relatives defied the law and told Carroll he could not have the boy.

RAGGED BATTLE WITH SEATTLE.

OAKLAND WINS ON DIAMOND AT ELEVEN TO SIX IN 'LUCKY' GAME.

Doc Moskman pitched for the Oakland yesterday and had no errors against him. Oakland took the game by 11 to 6 and everyone is crying "Lucky!"

Oakland started in with a run in the first. In the third Seattle got one and Oakland piled up a lucky four. Then Oakland made two in the fifth and four in the eighth and it was all over. Seattle had to be satisfied with a total of six. The game was raggedly played. Seattle got 15 hits and Oakland 8.

CHARLES W. PALM GUILTY OF CONTEMPT.

Charles W. Palm, nephew of the late Warren D. Heaton is to be punished for contempt of court in his refusal to turn over property belonging to his uncle's estate to Jennie M. Heaton. A bench warrant was issued for his arrest by Judge Greene yesterday which is to be forwarded to Los Angeles where he lives.

Heaton died in 1900 and his estate was claimed by a woman calling herself Jennie M. Heaton, who proved to the satisfaction of the courts that she was a daughter of deceased Heaton of wedlock. Palm, a nephew of Heaton's had stubbornly resisted her claims and through his attorney, H. C. McKee, had carried four appeals to the Supreme Court and each time was defeated. He still has some \$2,085, partners and stock belonging to the estate which he has refused to turn over for which he will now be punished.

SHIP IS LOST.

VICTORIA, B. C., April 14.—E. W. Wright, editorial writer on the Portland (Ore.) Oregonian, who went up the west coast of Vancouver Island seeking confirmatory evidence to prove the loss of the British ship Lamorna, has returned. He says he has no doubt the Lamorna went to pieces on the Starlight reef, Barkley sound, all hands perishing.

Mr. Wright reports that the wreck of the American lumber schooner Katula at Kyukot Point has been smashed up and the Indians have hauled 150,000 feet of the million feet of lumber carried by her.

ATHLETIC MANAGER WINS BY EIGHT VOTES.

An Unusually Spirited Fight for Office is Witnessed at the University of California.

BERKELEY, April 14.—Probably the most spirited student election in many a year ended last evening in the election of Associated Students' manager. William R. Dehnm, '05, president; A. C. Keane, '05, vice president; and R. C. Gunn, '06, secretary. There was an unusually large vote cast—922 out of a possible 1,000. The graduates were divided by a majority of eight votes in favor of Dehnm. The finish of the balloting was most interesting. Interest, as for over an hour Dehnm's majority fluctuated from 6 to 35. A. J. Woolsey, '02, the rival candidate, carried the women's vote by a majority of 18.

The detailed result of the election is as follows:

Graduate Manager—Ezra Dehnm, 417; A. J. Woolsey, 193.

President—W. H. Dehm, '05, 483; Leo D. Bishop, 335.

Vice President—A. C. Keane, '05, 469; James Force, '05, 361.

Secretary—R. C. Gunn, '06, 425; L. J. Kennedy, '06, 370.

Ezra W. Dehnm, who succeeds himself as graduate manager of the Associated Students, received 211 votes. His education at the Centerville High School. He entered the University of California in the fall of 1896 as a regular student in the College of Social Sciences and was elected to the presidency of his class in June, 1903. He is a member of the Beta Gamma fraternity and of the Golden Bear Senior Honor Society. While in his senior year Dehnm was elected

GUESS DAY AT TRACK.

MOST ANY THING COULD COME HOME—TALENT WAS ALL AT SEA.

There was nothing to startle race followers yesterday at the track. The day was ideal and the track fast, but the interest slow.

The favorite Sweet Tooth couldn't help taking the first race. The odds closing at six to five were just right and Knapp rode a good race. Solinus ran a well-figured race and landed second, his closing price being 10 to 1. Nellie Bawn put up a fight but could not hold the place. The time for the six and a half furlongs was 1:24.

It was Peggy O'Neil from start to wire in the second race of four furlongs. George P. M'Near had no excuses and should have won with his speed and the jockey's ease, but fell in the eighth place. The time for the six and a half furlongs was 1:24.

The best horse and the best jockey got the third race of one mile and a furlong. The horse was favorite at 5 to 1. Ulowah ran a strong race and the second choice landed in the place. Col. Van closed well but could not get near enough to take the wire and was third. T. O. L. was tipped quickly to win but neither the betting nor the result showed the horse capable. The gelding ran fourth. Camejo was fair and was fifth with Expedient following. Rio Shannon had to carry a 50 to 1 chance and got the last place leading only a cloud of dust. Domingo was scratched. The time was 1:55.

The fourth race left the favorite Divina way back in the woods. The mare was not in the money and ran fourth. It was a 25 to 1 shot that came home and in the paddock it was quietly whispered that the horse was a bad rider. The horse was with all four feet. Go galette was looked upon to do well and showed a gameness that brought her in second. Our Bessie was due to get in the money and showed. Ben Macdhu should have won but Bonner suffered before the starting post and a result and was suspended for his faulty drive. The horse was fifth. Mansard had a lot of support but could not repeat his act of last week and was last. G. W. Trahern was just ahead sixth place. The time for the mile and fifty yards was 1:43.

Ananias did not let it and took the fifth race of six furlongs in a hard drive of three. Red rode the colt a good race and the horse responded gamely and had the speed of 200. The time for the six furlongs was 1:43.

Military Man ran a fair race and showed. Rowena, Creole, Jim, Dr. Rowell, the Hawaiian and the Hawaiian were named. Dusty Miller was scratched. The time was 1:44.

Illusion won the last race of a mile and was the best all the way. Coronal closed well but had a cover too much ground to get anywhere near the winner and placed second. The time for the mile and fifty yards was 1:43.

Dusty Miller was scratched. The time was 1:44.

An Enduring Public School Policy

In all the forty years that have elapsed since the founding of the city of Oakland has been without any definite municipal policy. Successive administrations have come and gone without having any particular end in view or making any effort to plan for the future. We have gone on in a haphazard fashion, one administration often undoing the work of the preceding administration, and offering no constructive policy in the place of what was stricken down.

But at last a definite policy projecting itself far into the future has been devised and presented for popular endorsement. The Board of Education has formulated a constructive policy in making school improvements that commends itself as both wise and far-seeing. All the projected buildings are to be done on an enduring basis. Permanence and beauty of form are to be the chief characteristics of the new schoolhouses. Wood is to be entirely discarded and brick and stone substituted. The ancient wooden structures which now house the Prescott, Franklin and Lincoln schools are to be replaced by stately edifices of brick provided with every convenience and appliance for sanitation and ventilation. These new buildings will adorn the city for generations to come.

The reconstruction of the Prescott School will be a special boon to West Oakland. It will give that section of the city one of the finest grammar school buildings in the State, and furnish the children of West Oakland with educational facilities second to those of no other quarter of the city. The same may be said of the Franklin School, which is to East Oakland what the Prescott School is to West Oakland. We have reached the parting of the ways in providing for the schools. Henceforth we will not build for today or tomorrow, but for the future. We will build for a great and beautiful city whose chief pride will be the splendid edifices in which its children are educated.

Mayor McClellan of New York is winning the plaudits of the men who voted for Low by keeping the "lid on," but the fellows who voted for him are wondering where they come in.

Law and Its Preservatives

In Colorado the military and the judiciary have locked horns. Judge Theron Stevens, of the District Court of Ouray county, has ordered Adjutant-General Bell and Captain Bulkley Wells, who are in command of the troops at Telluride, under arrest for contempt of court. General Bell has arrested Judge Stevens for contempt of the military. As the bayonet is for the moment mightier than the capias his honor reposes in what the sports call hoc.

The trouble is unfortunate but not incurable. It is an outgrowth of the lawlessness resulting from the strike in the Telluride district, but the clash between the man of the law and the man of the sword is largely due to infirmities on both sides. The Judge is touchy, petulant and inclined to take sides with the elements that are defying the law and the authority of the State. General Bell is rash, harsh and despotic. Each is inclined to stretch his authority to the utmost limits, and neither exhibits any tact. In consequence, the civil authority has been brought into collision with the military. Judge Stevens is more intent on maintaining the supremacy of the civil authority than he is on preserving order, and General Bell is so intent on suppressing violence that he is indifferent as to the means he adopts or the legality of his acts.

However much ill-considered acts are to be regretted, the fact remains that the restoration of peace and order is the first necessity. If the Judges, Sheriffs and Constables of the strike region, all elective officers, are incapable or unwilling to suppress violence and lawlessness, then the task must fall to others. Violence must be put down and order maintained at all hazards. It is useless for men who are engaged in defying the law and promoting violence and disorder to rail against martial law and the arbitrary acts of the military. When a man is caught setting fire to a barn there is no hesitation about shooting him and stamping out the flames before appealing to the courts.

When General Jackson took command at New Orleans in 1814, supreme necessity compelled him to resort to drastic measures for the protection of the city. He clashed with the civil authority, and when a Judge attempted to interfere with him he imprisoned the Judge and went on with his preparations to resist attack. After he had whipped Pakenham and relieved the city of all danger he submitted himself to the jurisdiction of the court and was fined \$5000. Congress paid the fine and the country applauded the man who saved New Orleans in spite of caprices and a capricious Judge. The civil authority was vindicated and declared to be supreme—but not till the Crescent City had been saved. This incident in our history illustrates the fact that the supremacy of the civil law is a principle rather than a condition to be at all times maintained. When the machinery of the civil law falls into treasonable, corrupt or cowardly hands, then the exigencies of orderly government require the employment of other agencies. The Vigilance Committee, in San Francisco was a case in point. The arbitrary and extra constitutional acts of the Federal authorities during the Civil war furnish another example of supreme necessity outweighing the husks of a procedure only intended to preserve the peace and safety of society.

For months a reign of terror has existed in Colorado. Its existence is a defiance of every principle of law and a menace to everything the law was invented to preserve. For some reason the civil law and its ministers have proved impotent to cope with the situation. Some remedy is necessary for the anomalous condition, and it is useless for those who are responsible for the evils or who refuse to give aid to their suppression to complain if drastic methods are adopted. In every company of marauding dogs there is a Tray or two that get mauled for being in bad company. Judge Stevens is not exactly in the category of Tray, but having shown himself powerless to maintain law and order in his jurisdiction he attempts to tie the hands of those who are trying—perhaps in an unnecessarily harsh and brutal manner—to maintain them. His strenuous determination to retain the shadow after the substance has departed from him is as futile as the lunatic wielding a sceptre in a madhouse.

Uniting of the Californias

Under the caption "The Hatchet Buried" the Los Angeles Times prints a happy editorial about the recent excursion of the California Promotion Committee to the Southern metropolis. After speaking of the enjoyable visit of the excursionists and the good feeling inspired by an exchange of courtesies, the Times says:

"But pleasant, even, than to read of the safe return of our late visitors to their homes is it to learn how successful the trip is regarded by them from at least one important point of view. 'The metropolis is much nearer to the South than it was before.' President Andrea Sbarboro is quoted in an Associated Press dispatch as saying, in speaking of the trip: 'We have accomplished most of all toward eliminating all sectional feeling which is not honest, friendly rivalry. At Los Angeles we buried the hatchet and on the way up the coast we threw the hammer into the sea.' This is good news, and well spoken."

It is pleasant to learn that the Tehachapi divide no longer exists, and we rejoice that the people of the Southern counties are in a mood to regard themselves as citizens of the whole State of California instead of citizens of a part of it. Still it is not a concession. It is the recognition of a fact, but the cordial feeling manifested in this recognition is both encouraging and gratifying. It denotes the passing away of the feeling of separatism that has found expression in many ways since the Eastern influx into Southern California. Burying the hatchet is of little consequence beside the more important fact that the people of the Southern counties have at last begun to feel that they are members of the same political and industrial family that inhabits the other sections of the State. The Times continues:

"The right time—the auspicious time—for burying the hatchet is as between the people of different sections of California, arrived some years ago. Unfortunately, its coming was not fully recognized by the people of the different sections, who have continued to use the hatchet of discord and the hammer of disparagement, to their own mutual loss and injury, even down to the present time. It will be well, indeed, for all the people of all sections of this imperial commonwealth if at last there has come a realization of the folly, the futility, and the wrong of this suicidal policy. Let the hatchet remain forever buried, and let the hammer be left deep down among seaweed and ooze, where it can never again be used in the unprofitable employment of 'knocking.'"

This is excellent in spirit and temper. Nor is it wise to inquire who has been most in fault in the past. To do so would tend to provoke recrimination, which would disturb the entente cordiale so happily established. However, it is not amiss to remark that amicable relations between the sections will not be

fostered by invidious comparisons or by doing politics on a sectional basis. Nor should burying the hatchet be regarded as a treaty of peace between separate sections so much as a cordial understanding between citizens of the same State. Neither degrees of latitude nor mountain chains should be assumed to create political divisions that can only exist in mental attitudes. Up here we are content to be Californians. We cheerfully recognize our Southern brethren as Californians equally with ourselves. We rejoice in their prosperity, we admire their spirit and enterprise, we praise the striking progress they have made, we acknowledge the resource they have displayed in improving their opportunities. But not as Southern Californians, but as Californians. It is useless to bury the hatchet unless we sink the spirit of provincial rivalry and jealousy that has prompted the use of the tomahawk. Let us be one people.

The announcement that Cleveland is for Parker has caused a good many Democrats to declare for somebody else.

When he rebuked the young ladies of the Sorority for pliffing flowers from his peach orchard Professor Moses impressively quoted the Commandment, "Thou shalt not steal." Although it has been proved that the young ladies did not steal his flowers he has neither retracted the charge nor apologized for making it. Somebody ought to call his attention to the Commandment, "Thou shalt not bear false witness."

The Russians suffered a double loss in the terrible disaster at Port Arthur. With their best battleship went down by long odds the finest and most capable officer in the Russian navy. Admiral Makaroff deserved a better fate. He was a gallant seaman, an eager fighter and an efficient commander. He infused a new spirit into the disheartened fleet the moment he arrived at Port Arthur, and took the initiative in a courageous manner. His crippled squadron was not strong enough for him to take to the sea in search of Togo's fleet, but he patched it up as best he could and showed a readiness to meet the Japanese when they came close in that demonstrated his fighting capacity. His vigilance and courage were exhibited in repelling the attacks of Togo, who gained few successes after Makaroff's arrival. Bereft of its commander and its most formidable ship, the Russian fleet at Port Arthur is in a far more precarious condition than it ever was. It has suffered a loss that cannot be repaired, and which the Japanese will not be slow to take advantage of.

The explosion in a turret of the battleship Missouri shows that our own navy has faults that need correction. In all the firing the Japanese have done off Port Arthur not a single gun has exploded. No serious accident has occurred. The contrast is not gratifying to our pride. The Missouri, one of the finest new ships in our navy, went out for target practice and through a defect in her ordnance suffered a disaster greater than the entire Japanese fleet has suffered to date. We have been laughing at the Russians because of the numerous accidents they have encountered, but we have little cause for merriment when we run over the record of the disasters our own ships have encountered.

Hints for the Ladies.

Service plates showing Japanese and Russian scenes are displayed in the art departments.

Lace fichus that go about the shoulders and around the waist, crossing at the bust, are to be had in the shops.

Many and queer-looking are the pieces of new silver that are now being displayed in anticipation of the season of wedding gifts.

Boned girdles, ready for covering, are to be found on the notion counters, and, like the boned collars, are a great aid to the amateur dressmaker.

One of the handsomest waists in the opening is made of a rather bright shade of yellow silk combined with rich heavy white lace and pale-green velvet.

A charming parasol is of pongee, with a full shirred lining of soft white silk and a tiny ruffle of it edging the pongee. The handle of the parasol is of carved ivory.

Some tall green glass vases just the right height to hold the Easter lilies and of a clear color that is really delightful to look at are to be had for only a quarter each.

Funny indeed are the Japanese war faces that are in the Japanese stores. They are about two inches long and represent the typical Japanese face in all its expressions and cost only 5 cents each.

Pretty for the little folks are the oatmeal acts in china that are to be had. They came in dainty colors with pretty floral decorations and consist of a plate, bowl and pitcher. What baby wouldn't like a set all its very own?

A hat is in the old-fashioned poke shape and is made of white lace put on in ruffles and here and there all over the hat are small pale-pink roses amid the lace. Wide strings of white tulle are intended to tie beneath the chin.

Nothing can exceed in beauty the lace robes that are shown in the shops. They are all rather costly, but are so beautiful that it is a coat that repays. While the coarse laces are still in vogue, it is noted that the newest lace robes are of the finest lace, and several very handsome patterns in black chantilly lace are shown.

The salting of meat generally renders it less digestible, but the fat of pork is an exception to this rule. The dyspeptic who would not dare eat fresh pork will find fat bacon wholesome food.

MEEKING OF LATTER DAY SAINTS.

KIRKLAND, Ohio, April 14.—At the conference of the Reorganized Church of Jesus Christ of Latter Day Saints the report of the committee appointed to revise the resolution offered by the St. Joseph (Mo.) congregation, says: "In the opinion of the committee no good purpose would be served by a public resolution upon the conference record or by their publication, since in their opinion the church should not be engaged in such proceedings as were outlined in the resolutions."

HEAVY BUYING NOT EXPLAINED.

FRANKFORT—ON THE MAIN. April 14.—Jacob Schiff, the New York banker and director of the Northern Securities Company who is now here, says in an interview in the Frankfort Zeitung that the recent heavy movement in Union Pacific, is as yet unexplained but it cannot be assumed that it is due to the purpose of a new group of capitalists to get control of the property. The persons now controlling the enterprise, he says, are too firmly established and too strong in capital to afford other parties any prospect of getting a controlling interest.

It is certain, he says, of the Pennsylvania railroads \$50,000,000 loan that it will be offered up maturity for conversion into stock with preference to old stockholders.

Mr. Schiff doubts whether the Northern Securities decision will be followed by action of the courts against similar combinations. It will he thinks, prevent the formation of further combinations, which would certainly have been organized if the decision had been favorable to the Northern Securities Company.

This would have led to more stringent legislation by Congress and State Legislatures and hence although he is a member of the Northern Securities Board he thinks that the dissolution of the Northern Securities Company will have a favorable effect.

RUSSIA WILL NOW PUSH WAR.

NEW YORK, April 14.—There is practical unanimity of opinion here that the loss of the Petropavlovsk and the death of Admiral Makaroff will mark the commencement of active operations on land, says a London dispatch to the Herald. In discussing the probabilities the Daily Telegraph expert says:

"I certainly shall be surprised if the day of the death of the Admiral does not become a historic date from which a rapid change in the development of the land campaign will hereafter reckon. It is almost certain that Makaroff's death will be the signal, first, for the blocking up of Port Arthur with loaded merchant ships, for which the Japanese have been so carefully preparing, and immediately afterward for a combined naval and military attack upon Port Arthur."

Spring Veilings and Neckwear

The prominence accorded veil and neckwear this season is responsible for the many lines of charming novelties. Women depend upon this section of the Lace House for the newest suggestions in these lines—nor will they be disappointed.

H.C. Cahwell Co.
THE LACE HOUSE
127 AND WASHINGTON STS.

The Ladies Admit

With one accord that the Lace House assemblage of reasonable merchandise is correct and individual in point of fashion, and exclusive in many novelties in women's attire and accessories.

Pretty Pattern Hats

Prematurely Price-Pruned

The heading tells the entire story, in happy vein. Before launching into details let it be remarked that this is April—the opening month of Spring. The prices now carried by the picturesque pattern hats would suggest the end of June, when the season is practically over. Again, the original prices of these beautiful hats—these imported and domestic creations of pronounced fashion—were in accord with Lace House principles, most reasonable. But one inference then is possible.

"The Duchess of Marlborough"

A magnificent hat made of light blue chip straw with ruffle around edge; lattice-work brim supporting delicate spray of pink rosebuds; rosette of green velvet with fall of dainty rosebuds.

Former price \$25.00 NOW \$15.00
"THE CALVE"—An imported, original design by Mme. Pouyenne of Paris. It's a mushroom shape made of real Tuscan braid, trimmed with red silk poppies and maline; facing of ribbon and poppies.
Former price \$19.50 NOW \$14.00

Among other pattern hats heavily price-cut is a beautiful "Charlotte Corday," reduced from \$25.00 to \$15.00; the "Lillian Russell," a feurly model of our American Beauty hat, \$25.00 to \$15.00, and the "Helen Gould," a dress toque of feurly, reduced from \$23.50 to \$14.00.

Smart Trimmed Hats

As to assortment—as to strict observance of correct style—as to moderate prices—we have no hesitancy in inviting your consideration to the department. Every care is taken to please a customer—to give her thoughtful attention. She may be certain the hat finally selected is the most becoming to her type of beauty. Excellent value \$3.00 to \$10.00

French Pattern Hats

A headpiece of pronounced beauty made of lace Tuscan straw and maline; wreath of tiny cream roses and forget-me-nots around crown; shirred facing with forget-me-nots; pastel ribbon of champagne and baby blue.

Former price \$25.00 NOW \$16.00
DRESS TOQUE—Made of real Tuscan straw, with facing of black horsehair; jet edging and wing; two moirée rosettes with jet cabochon center.
Former price \$20.00 NOW \$13.25

Children's Hats

A practical, dressy display of children's headwear, is a feature of the millinery department. Misses' ready-to-wear hats, sailor hats in plenty of style—and others.

Prices from 65c to \$4.50

Strong Waists for Strong Boys

and in bright patterns—that's all. Hard-wearing waists, the regular school kind with "Mother's Friend" belts 25c, 35c
Strongly made, dressy, colored blouses 50c, 75c
Mannish blouses and waists, with collar or with detachable collar; colored or white 50c, 65c
The finer white waists up to \$2.00

Ribbed Underwear

in seasonable weights. The lines for ladies, misses and children have just received their Spring replenishment. Vests in all sizes, with or without sleeves, high neck or low, in the medium and light weights. 20c, 25c and up to \$1.50
Ribbed drawers, knee or ankle length, all sizes; also umbrella style.
Prices from 20c, 25c and up

Spring Skirt Stylishness

—there's plenty of it here and at the special prices we'll mention today, it should prove of more than passing interest.

Skirt Special \$5.00

Smart, pedestrian skirts in the approved shades of gray, brown, Oxford and tan Cheviots; also some good Scotch mixtures; style faultless; regular \$3.95 and \$6.50 SPECIAL AT \$5.00

UNION LABOR NEWS.

NO DEFINITE ACTION TAKEN IN THE MILLMEN'S KNOCK-OUT.

Seemingly the District Council of Carpenters has changed its tactics in reference to demanding the resignation of the four expelled carpenters. A. H. Kendall stated that no further demands had been made by the carpenters and that it was possible there would not be any strike or lock-out. The committee representing the Mill Owners' Association consists of A. H. Kendall, D. L. Reed and C. Driesbach.

It was suggested that the action of the carpenters was induced by the alleged encouragement given by the Building Trades Council to the West Berkeley Furniture factory in its recent attempt to re-establish a nine-hour work day. They also claim that the action is an attempt to establish the Amalgamated Wood Workers' International Union in Alameda county. This organization is friendly with the Building Trades Council, and is opposed to the Brotherhood of Carpenters, with which the millmen and carpenters are affiliated. The schedule of the Amalgamated Wood Workers' Union permits a nine-hour work day and a minimum wage of \$2.50 per day.

In answer to the accusation, P. H. McCarthy, president of the Building Trades Council of San Francisco, stated that he had not heard of the trouble but the law governing the Building Trades Council in such matters was very plain.

"The law states," said President McCarthy, "that the council cannot afford any protection whatever to articles, the manufacture of which cannot be protected by the Building Trades Council, as against articles imported from other sections of the United States or foreign countries, and where this protection cannot be given factories will be allowed to run on the same basis as the factories in other parts of the country, without interference from the Building Trades Council."

As far as the proposed lock-out of the millmen is concerned, President McCarthy said that the furniture factory trouble was in no way related to it so far as he knew.

BUILDERS' UNION.
The Oakland Printing Pressmen's Union has decided to assist the locked-out butchers. A contribution of \$25 was made by the union.

TEXTILE WORKERS' BALL.
The Textile Workers' Union of Oakland gave its second annual ball in Magic Hall last night. The hall was prettily decorated for the occasion.

The music started at 8:30 p. m., and the grand march an hour later. The committee on arrangements was composed of Miss Lena Gracino, Miss Gertrude Ax, Miss Gertrude Cloran and Miss Minnie Carbal. The proceeds of the entertainment were devoted to the Butchers' Union.

PLUMBERS' UNION.
A regular meeting of the local Plumbers' Union was held last night. It was decided to suggest to the combination of plumbers meeting in Los Angeles to abolish all helpers for the next five years.

The meeting was addressed by John McDougall, Treasurer of the city and county of San Francisco. C. V. Wellmoe spoke on the relationship of organized labor to society. Two applications were received by the union.

ODD FELLOWS TO MEET AT HAYWARDS.
The county meeting of Odd Fellows to be held in Haywards on April 23, promises to be an event of unusual interest to the fraternity.

Representatives from every lodge in the county will be present as well as the Grand officers, Canton Oakland No. 11, P. M. Pape commanding and Cantor S. P. No. 5, P. M., Capt. Black commanding.

Arrangements have been made with the Southern Pacific Company for reduced rates from Livermore, Niles, Irvington, Pleasanton and other outlying towns for one and one-third fares, while a special train will leave Oakland at 5:30 p. m. to bring the members of the order, who reside in that vicinity.

Upon arrival at Haywards, a reception will be formed under direction of S. Madsen, P. G. of Sycamore Lodge of Haywards.

The several Cantons in full uniform headed by a brass band will lead the parade, and members of the fraternity will follow in regular order under command of the marshal's deputies.

Elaborate preparations have been made by Sycamore Lodge of Haywards for the entertainment of the visitors. The program of the meeting, while not perfected in detail will consist of the explanation of the work of the fraternity and three degrees of Odd Fellowship, addressed by the Grand Officers, and a banquet.

This means an all night session and ample provision is being made by Sycamore Lodge to give the visiting brothers every comfort and convenience.

ILLNESS AMONG BOAT CREWS.
ITHACA, N. Y., April 14.—The bright prospects for the Cornell University boat crews have been darkened somewhat by an epidemic of illness in the boat house. Coach Courtney is confined to his home with a severe cold, at least four of last year's varsity men are sick and half a score of candidates are complaining of colds or stomach troubles. Brandon, Foote, Nutting and Ballinger of the 1903 victorious crew may not be able to row again for some time.

TORPEDO BOAT SAVED.
LONDON, April 14.—The British torpedo boat destroyer Teaser, which ran ashore during the naval maneuvers at Portsmouth last night, has been towed off and docked.

During a sham night attack which had been arranged for the decoration of Prince Henry of Prussia, the Teaser's officers, dazzled by search lights, ran the destroyer at full speed into the seawall at Portsmouth harbor. All of her crew were saved.

WOMAN POISONED.
NEW YORK, April 14.—Mrs. Emily Goebel, said to be a native of Kentucky, has been removed from an up-town hotel to Bellevue Hospital, suffering from chloral poisoning. Vigorous work by the physicians restored her consciousness and she probably will recover. She has been in ill-health since coming here last October. It is said she told friends that her husband killed himself after suffering business reverses in Kentucky.

TORPEDO BOAT SAVED.
LONDON, April 14.—The British torpedo boat destroyer Teaser, which ran ashore during the naval maneuvers at Portsmouth last night, has been towed off and docked.

During a sham night attack which had been arranged for the decoration of Prince Henry of Prussia, the Teaser's officers, dazzled by search lights, ran the destroyer at full speed into the seawall at Portsmouth harbor. All of her crew were saved.

WOMAN POISONED.
NEW YORK, April 14.—Mrs. Emily Goebel, said to be a native of Kentucky, has been removed from an up-town hotel to Bellevue Hospital, suffering from chloral poisoning. Vigorous work by the physicians restored her consciousness and she probably will recover. She has been in ill-health since coming here last October. It is said she told friends that her husband killed himself after suffering business reverses in Kentucky.

CANADIAN MILLIONAIRES.
Lord Strathcona, an Canadian High Commissioner in London, has, according to James Lumsden, in his work "Westward," a fortune estimated at no less than \$125,000,000. Lord Mount Stephen, who commenced life as a plowman in Western Canada, is worth \$75,000,000.

and Mr. Ross of Montreal is the possessor of a like amount. Mr. Reid, known in Canada as "Clear Reid," is accredited with a fortune of \$50,000,000. London Mail.

STILL AFTER SAM FISHER.

SUIT IS BROUGHT TO JUSTICE HIM FROM HIS SA- LOON.

BERKELEY, April 14.—Sam Fisher, the well-known West Berkeleyan, who recently came into prominence by smashing the rummage sale of the ladies of the Trinity Methodist Church, is having additional trouble just now.

After the rummage sale episode, Fisher's saloon license was taken away by the City Fathers and since that time Fisher has been dispensing "soft" drinks at the old stand.

Now, however, it looks as if Fisher will not even be able to conduct a "soft" drink establishment, for a suit has been filed against him in Justice Quinn's court seeking to evict him from the premises he now occupies, for the non-payment of rent.

Mrs. Honora Bentley is the plaintiff in the suit and she says that ever since Fisher's saloon license was taken away he has not paid a month's rent. He is now three months in arrears according to complaint. Fisher will have this week in which to prepare his answer to the suit, if he has any answer to make.

spondent of the Journal says it is rumored in diplomatic circles there that a continuous exchange of telegrams is being carried on between the German and French foreign offices and the Quirinal with a view to arranging a meeting between Emperor William and President Loubet.

VISITING DELEGATES.

At a meeting held yesterday morning of the joint committee appointed by the Merchants' Exchange, Board of Trade, Oakland Real Estate Dealers' Association and the Retail Grocers and Merchants' Association of Alameda county, plans were laid for a canvass of the public-spirited citizens to raise funds for the purpose of entertaining in Oakland a portion of the delegates to the National convention of Retail Grocers to be held in San Francisco during the first week in May next. It is estimated that from 300 to 500 of the delegates from the Eastern States will avail themselves of this opportunity to visit and see for themselves the great climatic and other advantages of the county of Alameda.

Arrangements are to be made whereby cars in sufficient numbers will be provided to accommodate the entire quota of visiting delegates and they will be given the regular all-day-for-a-dollar excursion, which has for more than two years past been successfully operated under the auspices of the Board of Trade.

DEGREE OF PARTITION.

A decree of partition was rendered by Judge Ogden yesterday afternoon in favor of Benjamin Long in a suit over property situated at Josephine and Gilman streets in Berkeley. The suit was brought by Benjamin Long vs. Simon Long defaults having been previously entered against Mrs. S. Harper Barrett, Frances Curran, Charles S. Dameron, G. Green Dameron, Hayward Dameron, John Hayward Dameron, Elmer Dameron and a long list of others who had been made parties to the suit.

PERKINS LOOKS AFTER IMMIGRATION.

WASHINGTON, April 14.—The following amendment to the sundry civil bill has been proposed by Senator Perkins in the Committee on Appropriations, and it will probably be agreed to:

"The Secretary of Commerce and Labor is hereby directed to investigate the conditions of the immigration service at the port of San Francisco, Cal., and to report in detail the cost of an immigration detention station on Angel island, in the harbor of San Francisco. Said report shall cover in detail all the buildings, or improvements of every kind necessary for the completion of said station, and the aggregate cost of same."

In view of the fact that it is impossible to get the immigration station bill through the House at this session, Perkins decided to get a full report on the matter in order to be able next session to secure a regular appropriation.

A NEW MINISTER.

NEW YORK, April 14.—Jonkheer R. Van Swinderen, who succeeds Baron Govers as envoy extraordinary and minister plenipotentiary of The Netherlands to this country, has arrived on his way to Washington, where he was stationed fourteen years ago, as an attaché of the legation. Since 1902 he has been Minister to Roumania.

"I am most fortunate," he said, "in being designated to represent my country at the capital of this great republic. There is the greatest good feeling in my country toward Americans, for we consider you a lot of Dutch stock over here."

ALUMNUS TO ACT AS CHAPLIN.

ARRANGING FOR UNIVERSITY COMMENCEMENT—COMMISSIONS FROM GOVERNOR.

BERKELEY, April 14.—Rev. Carroll Melvin Davis, an alumnus of the class of '79, has been selected as chaplain for the commencement exercises which will take place in the Greek Theatre on Wednesday, May 18, 1904. Rev. Mr. Davis is rector of Christ Church Cathedral in St. Louis and is one of the prominent Episcopal clergies of the United States.

After graduating from the University in 1879 he spent two years in further study at the University, obtaining his degree of M. A. in 1882. Rev. Mr. Davis was, while in college, a classmate of a number of men who have achieved prominence in public life, among them being Governor George C. Pardee, Regent Charles W. Black, Associate Professor, Edmond O'Neill of the department of chemistry and Henry W. O'Melveny of Los Angeles.

Governor Pardee is expected to present the military commissions at commencement according to custom.

NEWSPAPER WORK DEBATE'S TOPIC.

BERKELEY, April 14.—The debates to be held by the Students' Congress and Senate promise to be spirited and interesting. The subjects chosen for debate are such as to create keen contests.

The Senate will debate on the question: Resolved, "That a Student of the University of California, working for a daily paper, is justified in writing up any facts about the University, which may be of general interest."

The speakers for the affirmative will be H. A. Stout, '05 and H. M. Evans, '04; for the negative D. G. Whitelaw, '07, and H. H. Kelley, '07.

The subject decided upon for the Students' Congress is: Resolved, "That the French government is justified in closing the unlicensed religious schools. The affirmative will be represented by B. F. Hathaway, '04, P. M. Carey, '04, A. A. Bullock, '06. The negative will be defended by J. H. Bruckner, '05, S. Hellen, '06, and J. D. Bishop, '06.

At the end of the Senate debate will be held an election of officers.

LYMAN ABBOTT TO SPEAK. PROMINENT EASTERN DIVINE WILL ADDRESS UNIVERSITY STUDENTS.

BERKELEY, April 14.—The students of the University are to have an opportunity of listening to two notable speakers at the University meeting tomorrow. Dr. Lyman Abbott, editor of the Outlook and probably the most eminent divine of the Congregational denomination in the United States, is to address the meeting. The other speaker will be Hon. Alford W. Cooley, one of the two members of the United States Civil Service Commission and a devoted advocate of reform in the Civil Service, who will speak on the general topic of Civil Service reform. It is expected also that Dr. George Steindorff who is to deliver a series of lectures at the University upon the religion of Ancient Egypt, will be a guest at the meeting. The University Glee Club and the men of the Senior

UNIVERSITY CANYON WILL BE THE SCENE OF A BRILLIANT FETE.

This evening Co-ed Canyon will be transformed into a typical Russian village in the midst of one of their typical fairs known as "Kirmesses."

A novel feature of the evening will be the carefully prepared and interesting program. Hitherto the women have relied solely on the booths for attracting the students, but this innovation promises to double the receipts. The program is as follows:

- Laughing Water—Hagar—Mandolin and Guitar Club.
- Scotch Reel—Meda Thornton, Montague Barton, Frances Dougherty, James Theobald, Children from Mrs. Syble Campbell-Reid's class.
- Spanish Dance—Students of University of California.
- English Village Dance—Students.
- Irish Reel—Frances Dougherty, Eddie Dougherty, Meda Thornton, Montague Barton.
- Hawaiian Melodies—Hawaiian Club of San Francisco.
- Dutch Dance—Students.
- United States Serpentine Flag Dance—Students.
- Miss Beatrice Snow, chairman of the program committee, announced that the students practicing for the dances are doing splendidly under the able coaching of Miss Hamilton. The Scotch reel will be given by four little children from Mrs. Syble Campbell-Reid's class from across the bay. The girls are aged 12 and the boys 8 years. The ukulele performance of the Hawaiian Club is also looked forward to with interest as a novelty in harmony. An effort has been made to have the program as internationally representative as the booths. The program committee is as follows: Miss Beatrice Snow, chairman; Miss Alice Graham, Miss Louise Ehrmann, Miss Edna Wilde, Miss Marlon Leale, Miss Ethel Richardson. The young women will also be assisted in preparing their program by Mrs. W. C. Morgan and Mrs. J. C. Merriam. In the intermission of the program the crowd will spend its money on the good things dispensed at the booths. These represent all countries and each

Lynn Choate, a Young Astronomer, Makes Interesting Observations at the State University.

BERKELEY, April 14.—A group of rather large and interesting sun spots has been under observation at the Students' Observatory for the last month by Lynn Choate, '06, under the direction of Dr. R. T. Crayford. These spots were first observed on the 15th of March when they were just entering on the edge of the sun's disk. At this time the group consisted of one large spot with a smaller one accompanying it. They traveled across the sun's disk for twelve days, disappearing on the 27th of March. During this time the character of the spots remained unchanged. On April 7th they were observed again when they appeared upon the edge of the sun's disk as two large spots with a smaller one between them. A gradual change was seen to be taking place at this time, and on the 11th of April one of the large spots had broken up into several smaller ones, so that now the group consists of one very large spot accompanied by a pair of these smaller ones. On the 12th of April Mr. Choate

will be appropriately decked and its attendants costumed. At the booth a characteristic dish will be sold. The English booth will sell lemon "squash" which is English for lemonade. The booth will be in charge of Miss Helen Winchester. From the United States booth, Miss Myrtle Sims will dispense cream chicken and oyster cocktails. In the Hawaiian booth, Miss Hazel McGraw will preside over the pop-corn crisps. Miss Elizabeth Nichols will sell soft ice cream and Dutch cakes, from the Dutch booth; Miss Sarah Wedd, tonales from the Spanish booth; Miss Mills Day, ice-cream from the Esquimaux booth; Miss Hattie Bromley, candy from the Scotch booth; Miss Sallie Sturtevant, peanuts from the Irish booth; Miss Rubens Jess, tea, Japanese wafers and ginger from the Japanese booth; and Miss Tallulah Le Come will be in charge of two Gypsy booths where the curious may have their fortunes told. Miss Elizabeth Arnall is chairman of the English committee and has been assisted in her work by Mesdames Edwards, Eakle and Price of the faculty. The performance tonight will be the third of its kind which the Prytan-

Handsone Edifice to Be Erected in Berkeley—Structure for Berkeley Bible Seminary.

BERKELEY, April 14.—Excavators are now at work on the site at the southwest corner of Dana street and Bancroft way, preparatory to the erection of a handsome new edifice for the Christian Church. Adjacent to the church a college building is to be erected in the near future for the Berkeley Bible Seminary. The Christian Church building will be modern renaissance in architecture and the contracts that have been let for doing various portions of the work call for an outlay of \$14,000. It will be 50 by 100 feet in dimensions and will face on Dana street. The auditorium will be almost square and will contain a choir alcove and

SENIORS CUT OFF FREE LIST. FOR THE FIRST TIME HIGH SCHOOL WILL CHARGE AT CLASS PLAY.

BERKELEY, April 14.—For the first time in the history of dramatics at the Berkeley High School the free list will be entirely suspended upon the occasion of the presentation of the annual class day farce by members of this year's graduating class. This rule had been decided on on account of the fact that for the first time the Board of Education had refused to grant the customary donation of \$100 toward the graduating expenses of the class. Before the board cut off its customary allowance, on account of the lack of funds in the school treasury, the candidates for graduation had leased the Macdonough Theatre in Oakland

gallery. The floor will be sloped and the pews circular. The front of the building will consist of two stories and will contain a lecture-room, parlor and classroom, all opening into the auditorium and commanded by the pulpit. Six hundred will be the seating capacity of the auditorium and there will also be a large banquet hall in the basement. When the Berkeley Bible Seminary building is completed it will be connected with the new church by a corridor. The classrooms of the seminary will be used as classrooms for the Sunday School and the auditorium of the church will be used by the seminary for its large gatherings. For the evening of June 1. Finding itself confronted with the possibilities of a large deficit, the members of the class decided to charge admission to the farce that is a feature of the last days of Senior classes at the High School. Free tickets will be distributed to only the members of the graduating class. Cards of admission to the High School farces have always been eagerly sought for until Shattuck Hall, where the plays have been given for a number of years past, has always been crowded to the doors upon such occasions. This year the fire chief would have insisted that the audience be limited and the amateur thespians decided to lease the Macdonough. The play to be given this year is "The Rivals" and the cast will be composed as follows: Mrs. Melaprop, Miss Julia Andrus; Bob Acres, George R. Kerr; Julia, Miss Josephine Seaman; Lydia, Miss Rowena Slater; Sir Anthony Absolute, Boardman Holden; Lucy, Miss Mary McClure; Fouklund, Francis White; Captain Absolute, Renwick Brock; Sir Talcus O'Trigger, Hugh Downey; Tag, Oliver Lansding; David, Thomas Steere; Thomas, Roland Lamb. JAMES COCHRAN OF FRUITVALE FALLS FROM A LADDER. George Thompson will remain in Fruitvale to educate the children. ENTERTAINMENT AT WHIST. Mrs. F. C. Smith of Diamond entertained at luncheon yesterday afternoon eight members of the Home Whist club at her home on Davis street. The afternoon was spent in playing whist. DAUGHTER BETTER. The infant daughter of Mr. and Mrs. Herman Welsch, of Tevis street, who fell out of bed and broke her arm is feeling improved. Dr. Cullen is attending physician and he was anxious as to the outcome on account of a slight inflammation having set in. Prudery is a wig often used to cover a bald character.

FINDS MAN IN AUTO IN THE DITCH.

BURGLAR IN SAN LEANDRO TELLS THE OWNER HE WANTS LODGINGS. SAN LEANDRO, April 14.—Mrs. M. Silva on returning home late Tuesday night found a strange man in the house. She was greatly frightened and seeing the stranger in the hall and asked him what had brought him there. The stranger explained that he had missed the last car into Oakland and was in search of lodgings. After the would-be lodger had gone Mrs. Silva discovered that he had searched in all of the bureau drawers in her bed room. The burglar did not find any valuables. His description tallied with a hard looking stranger that had been seen in town during the day. HAVE RENTED HOUSE. Walter Malloy and family have rented the Garcia residence on the Oakland road for the summer. Mr. Malloy is an attorney of San Francisco. He occupied the same place last year. SAN LEANDRO LODGE. Extensive arrangements are being made by the San Leandro Lodge I. O. O. F. for the union picnic to be held in Hayward, Alameda county, lodges I. O. O. F. will be represented at the conference. CHILD IMPROVING. Vivian Frances, the little daughter of Rev. Frank R. Walton, of the Methodist church, who cut her head badly last week by falling from the front porch of the family residence, is much improved. The wound was so long that Dr. Miller was compelled to take seven stitches in the wound. PRESIDENT PALMA'S DINNER. HAVANA, April 14.—President Palma gave a dinner to the diplomatic corps at the palace last evening. Those present included the Ministers of the United States, Great Britain, Germany, France, Spain and Mexico with their ladies; the Charges d'Affaires of Belgium, China and Santo Domingo; Jacob Slesinger, First Secretary of the United States Legation; Vice President Estévez, the members of the Cabinet, the Supreme Court Judges, the Presiding Officers of both Houses of Congress and Senator Montero, Minister of Cuba to Great Britain. WHISKY THE CAUSE. CHICAGO, April 14.—Whisky drinking as one of the causes of typhoid fever is given by Dr. George W. Webster, president of the State Board of Health, in an address before the Young Men's Christian Association. The only safe prevention, Dr. Webster asserted, was pure drinking water, the keeping of the digestive system in perfect condition and the maintenance of a high state of vitality. "Do not drink whisky if you wish to avoid typhoid fever," said Dr. Webster. "It lowers the vitality and prevents perfect digestion. There is nothing more conducive to stomach troubles than whisky. A low vitality and imperfect digestive organs invite typhoid fever."

MACHINE CRASHES INTO A FENCE IN ELMHURST.

ELMHURST, April 14.—The automobile belonging to James Cook of San Francisco became unmanageable while passing through town Monday evening and ran into a ditch and barbed wire fence on the side of the road. Mr. Cook was thrown from the machine and badly bruised about the shoulders, while his wife escaped unharmed. The crash broke the forward axle of the auto and the front wheels. The accident might have resulted in a fatality if Mr. Cook had not slowed down his machine previous to the misfortune. The machine was taken into Oakland on a truck for repairs. FAST DRIVING. The local residents are complaining daily of the high speed attained by automobiles on the country roads in violation of the ordinance passed by the Supervisors limiting the speed to fifteen miles an hour. To prevent accidents Constable H. A. Cramer will keep a close watch on the chauffeurs Saturday. It is thought that by making a few arrests the high speed that they now drive the machines will be lowered. TO SECURE A QUORUM. HAVANA, April 14.—The independent Congressmen have formally offered to assist in securing a quorum of the House of Representatives if the Moderates agree to the appointment of a committee following the opening of the House to which will be referred the questions as to whether those who had protested credentials are legally entitled to seats. The Moderates are considering the proposition.

DEATH OF MRS. G. L. PARKER.

HAYWARD WOMAN DIES AFTER AN ILLNESS OF A FEW DAYS. HAYWARDS, April 14.—Mrs. G. L. Parker died of pneumonia at her home in Castro Valley Wednesday. The news of Mrs. Parker's death came with great surprise to her many friends. The deceased was 38 years of age and the mother of four children. The interment will be made in Lone Tree Cemetery. SALE OF NEEDLEWORK. Owing to the success of the sewing circle sale held at Mrs. Downing's on E street, the ladies of the club are planning to hold a similar sale in the future. The proceeds will be donated to the West Oakland Home. UNION MEETING. A public meeting was held on Tuesday evening in the Town Hall for the purpose of establishing a Labor Temple in Hayward. George W. Toyne presided over the meeting. The first speaker of the evening was John Rogers of Castro Valley, who spoke at length of "Unionism as Applied to the Rancher." J. W. More spoke on the advantages of the Rochdale store. His remarks were brief and comprehensive and touched on all the points taught to co-operative store systems. Dr. Dennis Williams spoke on the "Franchise." Dr. Lyons of the Presbyterian Church; W. T. Allen of the County Central Committee; Union Labor Party and Dr. De Fuy also addressed the meeting. Nearly every workman and woman in Hayward was in attendance at the meeting, and great interest was shown. The matter of formulating plans for the headquarters will be taken up at the next meeting of the club. CANDIDATES FOR SCHOLARSHIPS. CHICAGO, April 14.—Five candidates for the Cecil Rhodes scholarship in Oxford University, England, have been examined by Professor Alexander Smith of the University of Chicago. The candidates who receive the highest marks will be awarded the first scholarships in Illinois. Two of the young men are from St. Ignace College, two from Northwestern University and one is from the University of Chicago. JAPAN GETS AFTER CHINA. NEW YORK, April 14.—Japanese journals express much discontent, says a Times dispatch from Tokyo, at China's failure to enforce or attempt to enforce neutrality on the Liao river, where the whole district has been allowed to become a source for supplying Russia with foodstuffs, transport animals and vehicles. The papers declare that Japan seeks no favor and asks only fair play, and that China's conduct is "raven and ungrateful, considering that Japan is defending her integrity."

BOARD TRUSTEES HAVE BUSY NIGHT.

RESOLUTIONS INTRODUCED REGARDING THE IMPROVEMENT OF EMERYVILLE. EMERYVILLE, April 14.—The Board of Trustees met last night and had a busy meeting. Resolutions drawn up by the Town Engineer were read and it is expected that they will be adopted. The Capital Refining Works were notified to remove any obstacles obstructing the passage of streets. The salary warrants of the officials of the town were approved and yesterday Judge Coburn was busy making them out. The resolutions introduced and read to the Board of Trustees are full of improvements for the town and provide for many betterments. Cesspools are to be filled in. A provision for grading of the streets and adjacent lands was made. Regulations for gutters and curbing are also given much careful attention. Crosswalks, macadamizing, sewer regulations and many other important matters relative to the improvement of the town are embodied in the resolutions. The form was drawn up by Thomas N. Badger the Town Engineer and is not only concise but complete in every detail. Fences are being put up on the corner of Holden and Park streets. Santa Fe people are also fencing in property in various parts of the town. WALL'S FUNERAL. The funeral of Johnny Wall, the well known horse trainer who died Sunday was held under the auspices of the Foresters of America Camp 218, today. The burial was from McManus' Undertaking parlors, corner of Seventh and Castro streets. The Foresters met at the lodge room and held appropriate services after which they proceeded in a body to the undertaking parlors. They accompanied the body to the grave. The interment was at St. Mary's Cemetery. PARIS, April 14.—The Berlin correspondent of the Paris edition of the New York Herald says that King Alfonso will visit Berlin during the first two weeks of September next, going there from Paris.

CHURCH FESTIVAL LAST OF MONTH.

MEMBERS OF COMMITTEE MET YESTERDAY TO CONSIDER PLANS. GOLDEN GATE, April 14.—The committee for the Union Protestant meeting to be held April 29th in Klinkner Hall met yesterday afternoon. For the Methodist Church the members are Mrs. Gunn and Mrs. Bain; for the Presbyterian Church Mrs. McIntosh and Mrs. Manhard; for the Baptist Church Mrs. Hallowell and Mrs. Joseph. The affair will be one of the important events in church circles in this vicinity and it is expected will be largely attended. UTILE DULCE CLUB. The Utile Dulce Club will hold a grand entertainment in Klinkner Hall next Tuesday night. NOTES. The Oakland High School Baseball Club was out for practice on the diamond yesterday. A. Evers has sold his home on Fifth street to an Oakland plumber. Some slight repairs are being made to the Transit tracks. WILL GIVE A LECTURE ON "EGYPTIAN RELIGION." BERKELEY, April 14.—The first lecture of Dr. George Steindorff, professor of Egyptology in the University of Leipzig and lecturer for 1904 of the American committee for lectures on the history of religions, will be given at 8 o'clock tomorrow evening. The topic of Dr. Steindorff's lectures will be "The Development of Egyptian Religion." The two other lectures of the series will be given in Hearst Hall and the public is welcome to all of them.

WILL REPRESENT UNIVERSITY.

PROFESSORS MERRILL AND EAKLE WILL ATTEND EASTERN INAUGURATION. BERKELEY, April 14.—Professor William A. Merrill of the department of Latin and Arthur S. Eakle of the department of geology will represent the University of California at the inauguration of Professor Charles S. Howe as president of the Case School of Applied Sciences at Cleveland, Ohio, on May 11. The Case School is a well-known technological institution in Cleveland. It was established in 1831 with an endowment of two million dollars by Lenox Case. It has at the present time 126 members on its faculty and a large student enrollment. It gives instructions in all the various branches. Professor Howe, who is to be inaugurated as president, has served the school as secretary for a number of years. The Lick Observatory is to be represented at the inauguration by Ambrose Swasey, senior member of the firm of the Warner and Swasey Company of Cleveland, which firm designed the famous Lick telescope. FORTY STUDENTS TO TAKE TRIP. BERKELEY, April 14.—Forty students have signed for the trip to Mount Hamilton. The excursion will leave Berkeley Friday morning at 8:30 o'clock. The trip promises to be a particularly enjoyable one, partly on account of the large number of those who will go, and partly because at this time of the year the fruit trees of Santa Clara valley are in full bloom. Professor Campbell has written that if the party arrives at Mt. Hamilton early enough in the afternoon one of the big spectroscopes will be turned on the sun. This will be of great interest to the members of the class of modern astronomy, as Professor Leuschner has only just completed his lectures on the spectrum of the sun.

METHODISTS TO HOLD MEETINGS.

REV. GEO. B. SMYTH OF THE METHODIST EXECUTIVE COMMITTEE.

While Los Angeles is to have the General Conference of the Methodist body the bay cities will enjoy a gathering of missionary influence as great as has ever been seen here.

The main meetings of the coming San Francisco Missionary Convention will be held in the Alhambra Theatre, San Francisco, beginning Thursday, April 28 at 7:30 p. m. and closing Sunday, May 1, at 2 o'clock p. m.

The leading Bishops of the Methodist body will take part in the proceedings and deliver some of their strongest addresses. Bishops Thompson, Hartwell, Warner, Moore and others from the distant fields, as well as Hamilton, Vincent, Fowler, and other men who are famous because of their influence in America.

On Monday, April 25, the sixteen Bishops of world wide Methodism will begin a week's convention, holding their meetings at the Occidental.

On Monday evening, 25th, a banquet will be tendered the Bishops and their wives. On Tuesday evening, 26th, Bishop Fowler will give his endowed lecture on Abraham Lincoln.

The Oakland meetings, in connection with this convention will be held in the First M. E. Church on Friday evening, April 29, and on Sunday afternoon, May 1, by Missionary delegates, and other churches may be favored, so that Oakland will have a fair and interesting share of the notable occasion.

Admission to the Alhambra Theatre meetings is by ticket, to be obtained without charge of the Methodist pastors of the city. Rev. Geo. B. Smyth of San Francisco will look after some of the Oakland meetings.

JOHN L. HOWARD RESIGNS.

CHAIRMAN OF THE FINANCE COMMITTEE ANXIOUS TO QUIT OFFICE.

John L. Howard, chairman of the Finance Committee of the Council, yesterday handed in his resignation to Mayor Olney, to take effect when accepted by the Mayor. But Mayor Olney does not wish Mr. Howard to resign and will not accept the resignation if the Councilman-at-Large can be induced to withdraw it.

Other members of the Council are anxious that Mr. Howard should continue to be a member of their body, but the latter is emphatic in expressing his desire to retire from office and be relieved from the cares attending the transaction of the public business.

Mr. Howard half consented to withdraw his resignation for the present, provided the Mayor would agree to accept it promptly when he sends it in again. Mr. Howard is firm in his resolution not to serve his term out, although he is disposed to continue in the Council until after the bond election question is settled.

When Mr. Howard accepted the nomination he did so under protest. His business interests are large and varied and are of a character requiring unremitting attention and considerable traveling. Since his election he has taken hold of public affairs with characteristic energy and decision and, in consequence, has found his official duties both onerous and exacting.

ing, so onerous and exacting that they have become burdensome and conflicting with his private business.

As in all such cases, rumor is busy giving an alleged reason for the resignation different from that stated by Mr. Howard, but rumor appears to have no foundation for the reports circulated to the effect that Mr. Howard desires to retire because of disagreement with other members of the city government.

"Such statements are absolutely without foundation," said Mr. Howard. "There is and has been no difference of opinion between the other members of the city government and myself. I have nothing but the kindest words for my colleagues, who, like myself, have exerted themselves in the best interests of the city. Differences there have been on questions of methods or advisability of taking certain steps, but they were not of sufficient importance to engender hard feelings. But on the water question there never has been any difference of opinion between the members of the special committee. We are today unanimous in our opinions as to what should be done and are striving to bring about those conditions."

"Whether we succeed depends on matters over which we have not complete control. There is no reason except the press of my own personal business and my inability to devote the required amount of time to city business that has prompted my resignation. Last year I was absent from the city on at least five different occasions. Now I find that I will have to leave again for a prolonged absence, as I expect to take a short trip to Europe before I return. I think a member of the Council should be able to attend all the meetings of that body."

"Again I say there is no truth in the story that the resignation has been prompted by any differences between any member of the Council and myself. It is due to purely business reasons which require my attention. I have been burning the candle at both ends for more than a year and I cannot keep it up much longer. In many respects my experience as a city official has been a pleasure, but it has also required considerable time and energy, which I willingly gave, but cannot continue to give."

"Mr. Howard's resignation is in my

THOMAS NASH'S POLITICAL VAGARIES SEND HIM TO STOCKTON.

Thomas Nash, of no particular occupation, was adjudged insane by Judge Henry A. Melvin and Eva. Hamilton and Medros, sitting as an Insanity Board this morning and committed to the asylum at Stockton. Nash in his examination demonstrated that in many ways he was very shrewd, but his remark that he had drawn out of the Republican party and joined the Socialists and thought that he would be the next President to occupy the chair held down by Theodore Roosevelt swept away any chance he had of escaping from the charge.

According to Nash, the Socialists have multiplied amazingly and he believes that they are now strong enough to elect a member of this party to the highest office in the gift of the people. Judge Melvin said the doctors hardly share his views of the political forecast nor entertain the idea that he would be selected as the standard-bearer of that party.

However, he was no judged solely upon his erratic political ideas. Tuesday evening he excitedly stopped Miss May Van Curen, who with a young man by the name of Fox was walking along Telegraph avenue near Thirty-eighth street and said he wanted a policeman and that several men had been shot. He said that he was a Pinkerton detective. Miss Van Curen said she became frightened and was going to run when he told her he would shoot her if she did. She afterwards walked across the street and asked for the protection of Thomas Stalling. He went to where Nash was still talking to Fox and was promptly knocked down and when he attempted to get up was knocked down a second time. In the scrimmage Fox made his escape.

Nash was afterwards taken into custody by Policemen William P. Kyle in a small grocery store at Forty-eighth and Telegraph. He told the woman in attendance that he wanted a loaf of bread and then asked if he might sit down. He then wanted a piece of paper and said that he believed he was going to die and wanted to make his will. The people in the place became frightened and left.

Mrs. Arabella Nash, his wife, said that he had acted this way before and had been put in jail at Sacramento once for just such behavior and had also been for a short time in the Stockton Asylum.

CONDUCTOR TAKES BRIDE.

Conductor Charles Povers and Miss Maud Daniels were united in marriage last night at the residence of Police Judge Smith, 636 Thirty-second street. Both of the contrasting parties reside in this city where they will make their future home. The groom is employed on the Oakland Transit Consolidated.

PLEAD NOT GUILTY.

George Wilson, accused of selling bogus circus tickets to little children, was arraigned in the Police Court this morning. He pleaded not guilty and asked a jury trial.

Important News From Our Cloak and Suit Department

Tomorrow and Saturday this growing and prosperous section of our business will offer the most remarkable purchasing opportunities. In fact, the values offered will be so great—seemingly so out of proportion with prices prevailing in other stores for similar merchandise that we deem it wise to reassure our patrons of the UNQUESTIONED EXCELLENCE, STYLE AND QUALITY of every garment, backed by our money-back guarantee. The rapid selling of the new sample line of SUITS, SKIRTS, JACKETS AND WAISTS was a revelation. These are being sold at exactly one-half price.

New House Furnishing Departments

Hence our entire basement will be converted into a greater Shopping Headquarters—while these preparations are going on you may be a little inconvenienced. For this we will amply repay you by sacrificing prices, which can only exist under these extraordinary conditions.

RACE FEELING IN KANSAS CITY.

KILLING OF WHITE LAD BY NEGRO IS BREEDING DISSENSION.

KANSAS CITY, April 14.—The race feeling in Kansas City, Kas., caused by the killing of Roy Martin, a high school freshman, by a negro named Gregory is growing in intensity. Today six negroes, who accompanied Gregory to the jail on the night of the murder, armed with rifles, were arrested on a charge of inciting a riot, which in Kansas is a felony.

Martin's friends, it is said, will make a determined effort on Monday to keep all negroes from entering the high school and a clash may occur.

Gregory was arraigned today and held without bail for trial.

JAMES GEROW CLAIMS HE IS CAPABLE

The trial of James Gerow, one of the doctors arrested at the instance of Dr. Dudley Tait and Dr. S. H. Buteau for practicing medicine without a license, was placed on trial this morning in Police Judge Samuels' court. Judge Gibson is making the defense. This case will be a test case. Dr. Gerow says that he can prove that he has been discriminated against by the State Board of Medical Examiners merely because he belongs to a different school of medicine. He alleges that he spent four years in acquiring a technical education and that he has the ability to pass the examination. He further alleged that twenty-four others who graduated with him were also subjected to the same discrimination. He hopes to show this at his trial.
